CS5

For those who love motorcycles with a more aggressive design, featuring sharp and dynamic lines, the CS5 200 has arrived – a bike built to ride in style.

MAXIMUM
POWER

17,4 Hp
α 8.500 rpm

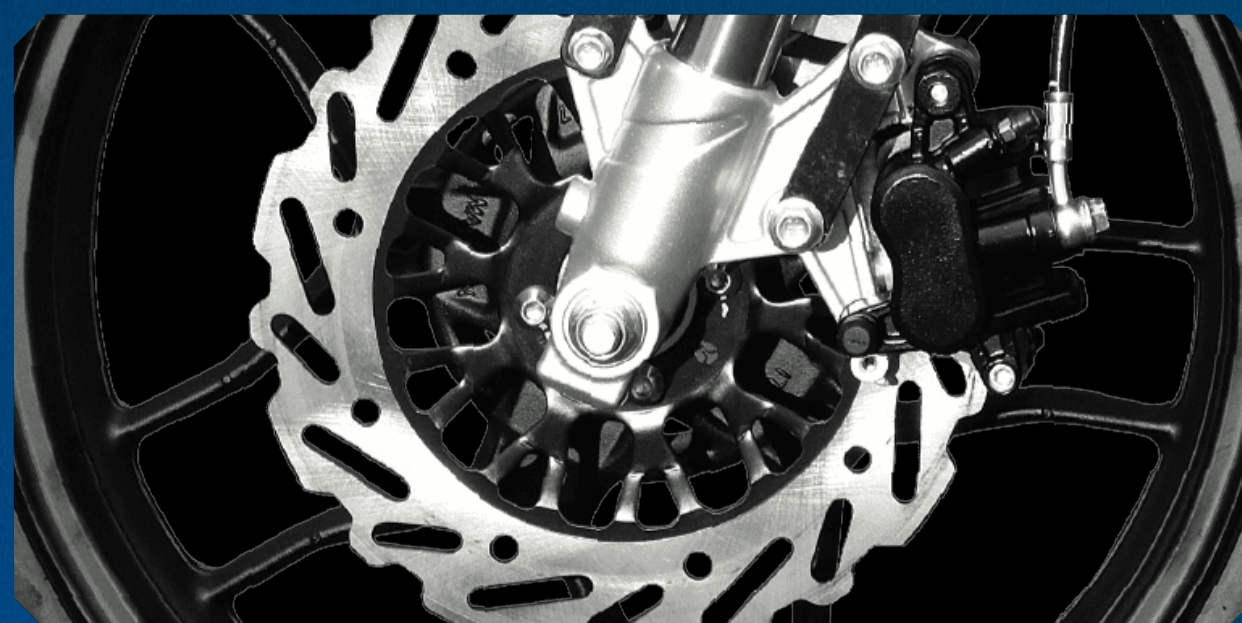

MAXIMUM
TORQUE

15 Nm
α 6.500 rpm

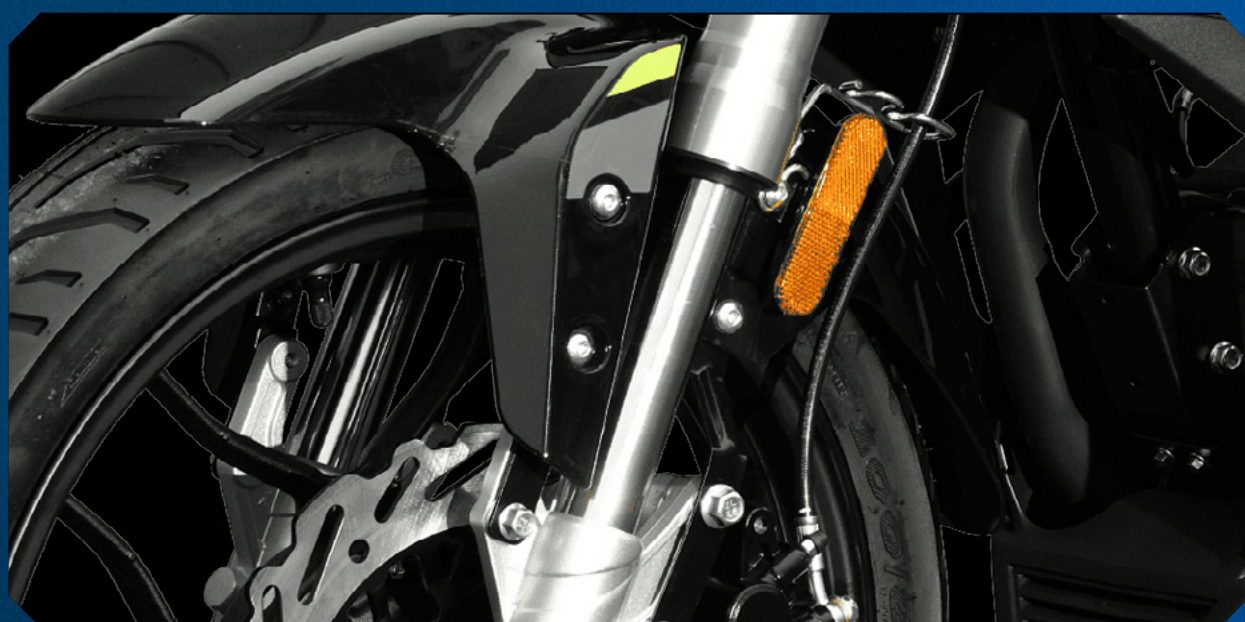

Powerful and efficient engine

Tackle the road with agility, thanks to its excellent performance and lightweight design.

Safer braking

Its front and rear perforated, wavy disc brakes help dissipate heat faster, delivering more precise braking and making your rides safer and more enjoyable.

Suspension

The inverted front fork, commonly used in competition motorcycles, is paired with an adjustable rear monoshock. This setup ensures the comfort needed to easily handle uneven terrain.

Digital display

A sporty-style digital panel featuring odometer, tachometer (rpm), and speedometer (km/h), along with gear position, lights, and fuel indicators to keep you informed about your riding conditions.

Available colors
