

150
SCOOTY

CVT **TRANSMISSION**

The automatic gearbox CVT (continuously variable transmission) helps the motorcycle to have continuous acceleration and fuel saving.

LED POSITION **LIGHTS**

Position lights with LED technology and engraved lens that give the Scooty an aggressive and sporty style.

REFERENCE IMAGE

FRONT DISC **BRAKE**

Disc brake in the front wheel to achieve an accurate braking thanks to its lobed shape and the holes that diffuse the heat at a much faster rate.

INSTRUMENTS DISPLAY

Analogue display with essential functions to observe the performance of the motorcycle, among them are speed in km/h and mph, odometer (km), fuel level, high beams and indicators.

Switches built-in the front cover keeping the motorcycle look.

BUILT-IN HANDLE SWITCHES

KEY LOCK

Protection for the key switch which is activated with the key handle. Therefore, it will not allow other elements to access the motorcycle when it is parked out of sight.

USB AND TYPE-C PORT

Two 5V built-in ports in which you can connect your devices, either USB or type C cable.

HEIGHT FROM SEAT TO FLOOR

Thanks to its 10" wheel size, both front and rear, its height is adjusted to all type of customers making it ergonomic and easy to manoeuvre.

775 mm
Height

REAR MIRRORS

Made with a modern style following the vehicle lines.

SEAT

Wide and textured seat with two types of fabric gives a fine detail to the Scooty. Furthermore, it has its name stitched in the rear part of the seat.

MUFFLER COVER

Large cover to increase the muffler protection against potential crashes or bumps.

COLORS AND GRAPHICS

4 available colors, red, black, blue, and white for all kind of tastes.

Moreover, its attractive colors and graphics with patterns make the motorcycle stand out.

RED

WHITE

BLUE

BLACK
