

# TITAN 200

Increasingly, AKT Motor vehicles are taking part between the different segments and a wide variety of new terrains. For that reason, without forgetting one of the most challenging and adventurous conditions, the new ATV TITAN 200 has arrived. A vehicle designed to overcome all the terrain obstacles thanks to its high technical performance to achieve it.

# ENGINE

- The ATV TITAN 200 comes with 177,3 cm<sup>3</sup> liquid-cooled, 4-stroke single engine with power of 9,86 Hp at 7.500 rpm and a maximum torque of 10 Nm at 6.000 rpm.

# OIL COOLER

- This one reduces the engine work temperature and improve its lifespan.

## CVT WITH REVERSE

The continuously variable transmission (CVT) helps the vehicle to maintain a constant acceleration while the vehicle is saving fuel. Furthermore, it eases its driving due to the reverse gear which it is activated with a simple rod mechanism.

## REAR DISC BRAKE

The perforated disc helps to achieve a more accurate braking due to its fast cooling.

## PARKING BRAKE

This brake will be in charge of maintaining the ATV braking without holding the brake lever the whole time by yourself.

## USB PORT

Electric port that supplies 5 volts to give an electric charge to your electronic devices, like the cell phone.

## REAR MONOSHOCK

Adjustable rear monoshock to fulfill your driving necessities.

## DIGITAL DISPLAY

Digital display with several indicators such as speedometer in (km/h), odometer in (km), high beams and reverse gear telltale. Moreover, the fuel reserve will flash in the display when in the fuel tank is less than 1,5 liters.

## HANDESAVERS

Wider handsavers that bring more protection to your hands.

# SEALED REAR MIRRORS

Equipped with a rubber seal on the edge that reduces dust, particles or water accumulation which can damage the mirror.

# BUMPER

The bumper will give the perfect protection to avoid any high impacts to the ATV that can damage its parts or structure, even the transmission mechanism.

# WHEELS

All Terrain wheels installed to overcome all road obstacles.

# LOADING GRIDS

Two loading grids, both front and rear to carry all the necessary elements for your adventure.
