CS3

La **CS3 150** es una moto **liviana, versátil y económica** que le permite al usuario adaptarse a la ciudad de una forma **divertida y dinámica**, inspirada en un **usuario enérgico, agresivo y veloz**, amante de los nuevos diseños y sobre todo de las **nuevas tecnologías**.

MOTOR

Equipada con un motor mono cilíndrico de 149.5 cc y refrigerada por aire logrando una potencia máxima de 11,4 Hp a 8.500 rpm y un torque máximo de 10 N, a 7.500 rpm. Ideal para moverse en el día-día de tu ciudad.

MOFLE

Con diseño deportivo y moderno, que incluye protector de mofle que aísla las altas temperaturas.

FRENO DE » DISCO

Freno delantero de disco perforado para lograr una frenada segura.

AMORTIGUADOR

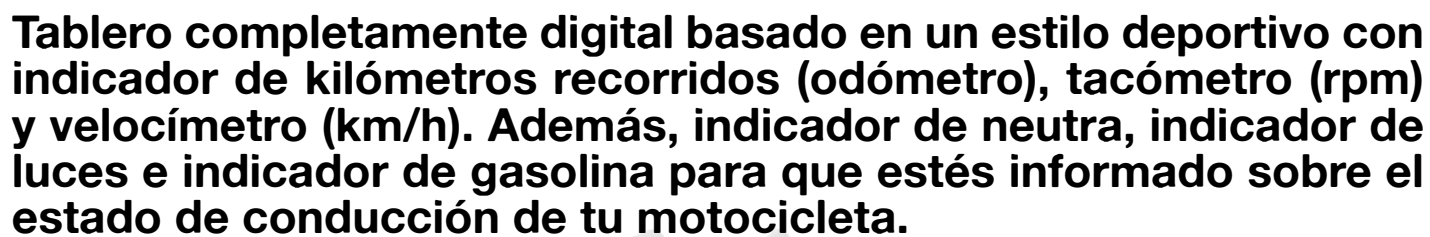

Dos amortiguadores traseros regulables que ayudarán a absorber las irregularidades que se puedan presentar en el camino.

TABLERO DIGITAL Y ANÁLOGO

A front-facing view of a black and yellow Honda CBR 150R motorcycle. The motorcycle's headlights are illuminated, casting a bright glow. The bike is positioned centrally, with its handlebars, mirrors, and front fairings clearly visible. The background is white, featuring a large yellow circle behind the motorcycle. To the left of the circle, the word 'SALES' is written in large, bold, black capital letters, followed by two large black chevron arrows pointing to the right. Faint, stylized silhouettes of a person riding a motorcycle are visible in the background, one in the upper left and one in the lower right.

**Diseño deportivo y cuerpo flexible
brindando mayor durabilidad.**

CS3

The **CS3 150** is a **lightweight, versatile, and fuel efficient** motorcycle that allows the users fit in **fun and dynamic** way within the city. Inspired in **energetic, aggressive, and fast** users, lovers of new designs and above all, **new technologies**.

ENGINE

Equipped with 149.5 cc, 4 stroke single-engine, and air-cooled, this motorcycle reaches a maximum power of 11.4 Hp at 8,500 rpm and a maximum torque of 10 N at 7,500 rpm. Ideal for day-to-day travels.

EXHAUST

With a sporty and modern design, including an exhaust guard that isolates high temperatures.

DISC BRAKE

Perforated front disc
brake for achieving more
effective braking.

SUSPENSION

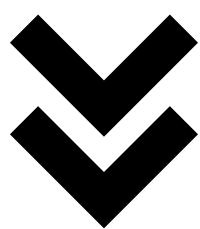

Two adjustable rear shock
absorbers that will help absorb any
irregularities that may occur on the
road.

DIGITAL DISPLAY

Fully digital display based on a sporty style with indicators for kilometres travelled (odometer), tachometer (rpm), and speed (km/h). Additionally, it includes neutral position, lights, and fuel indicator to keep you informed about the driving status of your motorcycle.

LED TURN SIGNALS

Sporty design and flexible body
providing greater durability.
